Notice of Filming

State of Our Networks (“Our Networks”) is an area where photography, audio, and video recording may occur.

By entering, and by your presence here, you acknowledge that you are aware of the presence of a live stream and the possibility of being asked to be photographed, filmed, and/or otherwise recorded.

Live Stream

Main room sessions will be live streamed and video recordings will be uploaded after the event. Audio from audience microphones will be included in the live stream. Video recordings will be released under a non-commercial Creative Commons license. Organizers will identify areas outside of the live stream camera shot for those who do not wish to be included.

Taking Photos or Recording Audio/Video

Do not photograph, video, or audio record anyone at Our Networks without their express permission, sought in advance. Before taking a photo, filming, and/or otherwise recording, organizers require that you ask *everybody* in the picture if they agree to be photographed or filmed.

The event may have one or more organizer or volunteer taking photographs and/or audio or video recordings during the event, we will publish them under a non-commercial Creative Commons license. These organizers or volunteers will respect attendees’ preferences regarding photography and recordings.

Media Presence

Organizers have been informed that media representatives may be present at the event including, but not limited to, *Vice Media*. Further to the above guidelines on photo, filming, and/or otherwise recording, representatives have been asked to clearly identify themselves during any requests.
